INTUITIVE!!!**

**1 - 4 pm**

Uma Simon has resided at Kashi for the last 30 years and has been giving intuitive readings and classes on intuition for the past 30 years here at Kashi and throughout the country.

You are already intuitive and sometimes psychic, but perhaps don't know how to trust your awareness. More than ever before we NEED to be in touch with our intuition so that we can make important decisions for ourselves in an ever complicated life.

I have been giving intuitive readings for the last 30 years and want to share how easy it is for you to open to your intuitive nature. There are places in your body which are the centers for clairvoyance (clear seeing), clairsentience (feeling) and psychic knowing.

In this workshop we will do exercises facilitating the opening of these centers and I will also share some of the secrets of how to be intuitive. Bring your personal questions and a piece of jewelry in an envelope with you.

Everybody will have a mini reading with the Tarot at the end of the class.
